Where

Primarily this initiative is online, but can be practised offline too. Bringing cyberspace down to earth, we combine the Internet with traditional ways to spread the word. Marketing around the globe, wherever members live. It's in your heart and part of your soul. Reaching out to others in a professional and ethical

manner, **leading by example and creating synergy**. There are no geographical boundaries, no constraints and no limit on earnings. **Live local, think global**, thrive universally. Where there is a will, there is a way, be it for work or combined with play.

When

There is no better time to get involved with this initiative, than **now**. No matter your current circumstances, be you scholar/student, looking for a job and/or unhappy in your employment. Perhaps a single or stay-at-home parent? Business owners, administrators and managers will appreciate another income stream. Many folks have been retrenched or in early retirement.

Whatever your stage of life, start now to become a successful super affiliate!

Why

The Internet/Web has become a cesspool of discourteous behaviour. Polluted with spam and insulting hype. Unrealistic “get-rich-quick” schemes and MLM. Constant requests for donations and bombardment with ads. This initiative is a departure from the dastardly. Using old-school principles and ethical techniques to spread the word. **Smarter ways to generate revenue.**

NO SPAM ~ NO HYPE ~ NO MLM ~ NO DONATIONS ~ NO ADVERTISING

How

Using a revenue sharing business model, this initiative offers anyone the opportunity to earn extra income, while at the same time helping various causes. By spreading the word, we create **U**nity, foster **C**ommunity, motivate **A**ffiliates to generate residual **R**evue and promote **E**vents.

The technical core is a **single-tier affiliate program**. This is NOT multi-level marketing. There is **zero cost to be an affiliate** and no charge for training. Affiliates do not earn anything from the referrals of another affiliate. **Recurring commissions** are only paid to the **first** referring affiliate when new members subscribe. Nothing to sell, no products to stock nor buy. Everything is given to affiliates on a technical plate. Uniquely coded links and QR codes to share far and wide. Using social media networks to give the website/cause more exposure. Your statistics for click traffic, referrals and commissions are tracked in real time. Easy to follow tutorials are provided and every effort made to help you succeed. It's a **part-time job** or **full business** in a digital box.

Get paid to generate residual revenue while helping worthwhile causes!
